“ Today makes a month of your passing. I met a lot of your family at your viewing, very nice people. Mom talks about you everyday about how much she misses you but all the good times also. She sure does have a lot of memories of you with all the trophies, plaques and pictures of ole blue. You really made her happy and I'm sure you knew that.

“ Mike aka Big Mike as I called him has been a big party of my families life for years. He is the greatest guy I have ever known. He was a great friend to my father as they worked together at FORD. He was always a great guy. He always considered my two brothers and I like his family. I will never forget that. I will always love Mike. It is so hard to hear about his passing because he was such a kind hearted person and he had such a great soul. Mike well aka big mike to me has always been there for my family and for my dad and I want to say thanks for that. He will truley be missed by my family and he has touched my heart in so many ways over the years.

“ *I'm sad to hear of the passing of our good friend Mike. Our thoughts and prayers go out to him and his family. We met Mike some 20 years ago when we became neighbors and also worked together. He was always there to help with any home repairs we had. We are most thankful for the way Mike loved our two sons. Mike will be missed by our family especially the endless supply of jokes he always shared with us. We are sad you had to leave us so soon, but I'm sure God has better plans for you. Just try to keep the jokes clean up there.*
